Eat Your View !

Local farms provide more than fresh food. Supporting local farms helps preserve local farmland and benefits farmers, consumers and the community in many ways:

- Preserves heritage and culture
 - Economic development
 - Quality of life
 - Tourism
- Environmental responsibility
 - Food security

Come Visit Granby's Farms !

Granby's rural character has its roots in the tradition of New England agriculture: the small farm, the fruit orchard and the dairy.

Today, we are unique in the Farmington Valley in both the number of *working* farms as well as the *variety* of agricultural businesses, home to beef cattle, produce, dairy farms, orchards and horse ranches to name a few.

*Support Granby Agriculture Businesses--
Experience the satisfaction of knowing your farmer, knowing your food and building community.*
